# Strategic Plan **Vision 2015**

The journey to becoming the  
best urban district in the nation  
begins with the first step—  
Vision 2015!

# To Our Community,

The Jefferson County Public School (JCPS) District is at a critical point in its history. On May 29, 2012, the Jefferson County Board of Education adopted this Strategic Plan to set a course for the district through 2015.

This is the result of months of work that started in July when we commissioned a Curriculum Management Audit, which provided us with an external, objective view of how well our current systems and structures support student achievement. Auditors spoke with community leaders, employees, parents, and students. From that feedback, the first priority was to improve the current Central Office organizational structure to better support schools. These reviews compared our current status against audit standards, which reflect the characteristics of a high-performing organization. Those reviews provided us with very specific actions to take to ameliorate any discrepancies between where we are and the standards to which we aspire. Those recommendations are an integral part of this plan.

Why do we need a Strategic Plan? The governance role of the Board of Education is to set the direction for the system and to monitor the progress. Every dollar we spend, including every position, needs to be focused on the goals and strategies that will best prepare all of our students for college and career and life in a globally competitive environment. This plan makes our priorities clear, ensures full transparency, and will use measurable outcomes to hold us accountable for maintaining a focus on what will benefit our students. This Strategic Plan will guide and focus our daily work. It will align our efforts to successfully reach our Commonwealth Commitment to the Kentucky Department of Education (KDE) and our commitment to the 55,000 Degrees goals.

The success of this plan calls for a commitment from the community and families to work with us as partners to ensure that every student gets the extended learning time and the support needed to master the learning that is expected of him or her.

When we work together and implement this plan, we will increase student learning and ensure that “All JCPS students graduate prepared to reach their full potential and contribute to our society throughout life.” Our expectations for our students, our school system, and our community need to be high. We should settle for nothing less than JCPS being the best urban school system in the nation. Our students deserve that.

**We invite you to commit with us!**

and Superintendent Donna M. Hargens, Ed.D.*

# JCPS has goals in four focus areas.

---

## **Increased Learning**

### **GOAL 1:**

Every student progresses in his or her learning and meets or exceeds proficiency in all subjects.

## **Graduation and Beyond**

### **GOAL 2:**

Every student graduates prepared for his or her post-secondary choice— for college or career, and life.

## **Stakeholder Involvement/Engagement**

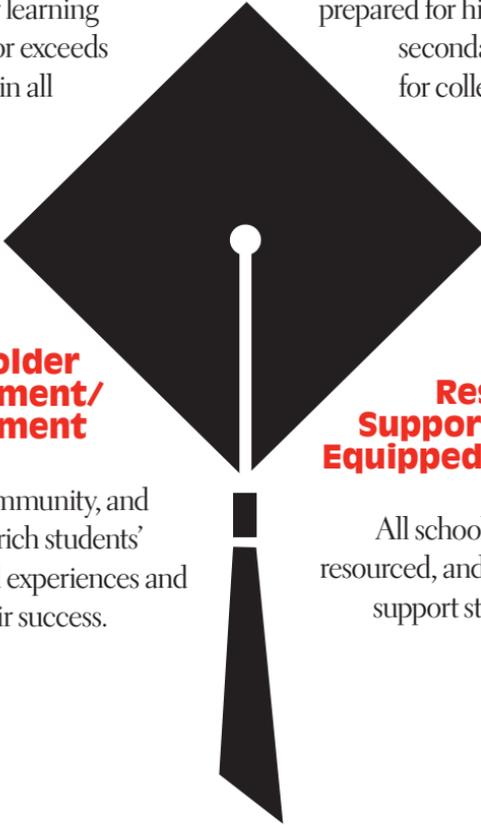

### **GOAL 3:**

Parents, community, and partners enrich students' educational experiences and support their success.

## **Safe, Resourced, Supported, and Equipped Schools**

### **GOAL 4:**

All schools are staffed, resourced, and equipped to support student needs.

# Our Strategy

## Focus Area: **Increased Learning**

### **GOAL 1:**

Every student progresses in his or her learning and meets or exceeds proficiency in all subjects.

### **STRATEGIES:**

- 1.1** Design and implement a system to **align the written, taught, and tested curriculum** that allows teachers to be creative and to **differentiate** the taught curriculum to engage and to meet the needs of the whole child.
- 1.2** Determine through collaboration and research—and then **institutionalize instructional best practices** for—the effective delivery of the district-written curriculum and educational program in support of improved learning and the development of the whole child.
- 1.3** Design and **implement a coordinated system of professional development** that is aligned to annual strategic priorities and targeted to the needs of schools.
- 1.4** Establish a formal process to support and **monitor the use of instructional best practices**.
- 1.5** Develop and implement a comprehensive, balanced plan (that includes both formative and summative measures) for **student assessment** that includes K Readiness and K–2 measures and the use of authentic assessments where data are utilized to inform practice.
- 1.6** Develop and **implement reading interventions** for current third-grade students (Class of 2021), current fourth-grade students (Class of 2020), and current fifth-grade students (Class of 2019) who are not performing at the Proficient level.
- 1.7** Develop and **implement early interventions** for students who are entering kindergarten and who are identified as academically underprepared by a Kindergarten Readiness Assessment. Develop and implement early interventions for K–2 students who are identified by K–2 assessments.
- 1.8** **Use program evaluations** to measure, monitor, and manage program adoption, improvement, implementation, expansion, or termination.
- 1.9** **Create a coordinated system of student support** that will result in increasing attendance, reducing dropout and suspensions, and ultimately increasing time spent on learning.
- 1.10** **Provide for continuous improvement of systems** designed to support student achievement and to eliminate the achievement gap.

# Our Strategy

## Focus Area: **Graduation and Beyond**

### **GOAL 2:**

Every student graduates prepared for his or her postsecondary choice—for college or career, and life.

### **STRATEGIES:**

- 2.1** Utilize **predictive data** (e.g., EXPLORE, PLAN, ACT) to **inform interventions**.
- 2.2** **Assess the effectiveness of interventions** at all levels using appropriate measures (e.g., COMPASS, achievement of industry certifications, KOSSA, ASVAB, decrease in the number of students needing remediation in reading and math).
- 2.3** Utilize **advisory structures** to increase the number of students pursuing and enrolling in extension and postsecondary experiences.
- 2.4** Work collaboratively with community partners, postsecondary education institutions, and the Kentucky Department of Education (KDE) to achieve the goals of 55,000 Degrees and the KDE and our Commonwealth Commitment to create a context where **all students have a disposition for postsecondary education and are college- and career-ready**.
- 2.5** Utilize our regional approach to **strengthen the transitions between levels** (elementary, middle, and high) as well as transitions between **grades**.
- 2.6** **Develop capabilities of students** to be effective and happy citizens, learners, workers, and leaders for the 21st century.

Align the Comprehensive District Improvement Plan (CDIP) and Comprehensive School Improvement Plan (CSIP) with the Strategic Plan, and ensure deep implementation of these strategies so that they have an impact on the work on each student's desk.
- 3.2** **Increase the number of out-of-school hours** spent by students scoring at the Novice and Apprentice levels in reading, math, science, social studies, writing, ACT, and end-of-course subjects (Biology, Algebra II, English II, and U.S. History), including using such technological tools as SuccessMaker and Study Island.
- 3.3** **Increase the number of community-based opportunities/experiences** to support student learning, including service learning, the arts, and enrichment experiences. Increase the use of Parent Portal.
- 3.4** Think big! Plan with parents, teachers, administrators, and community stakeholders, and seek support and funding for major initiatives that will have an impact on student learning. **Design community engagement—“a movement” around increased learning time**—that includes tracking family activities that support learning. (Audit action 9.9)
- 3.5** Collaborate with the Parent Teacher Association (PTA), Jefferson County Teachers Association (JCTA), Jefferson County Association of School Administrators (JCASA), community organizations, and institutions of higher education to **increase the “concerted cultivation mindset” among parents** in the community so that they become our partners in the “educational cultivation” of our children.
