BIBLIOGRAPHIC CITATION

Publications based on ICPSR data collections should acknowledge those sources by means of bibliographic citations. To ensure that such source attributions are captured for social science bibliographic utilities, citations must appear in footnotes or in the reference section of publications. The bibliographic citation for this data collection is:

Coleman, James S. EQUALITY OF EDUCATIONAL OPPORTUNITY (COLEMAN) STUDY (EEOS), 1966 [Computer file]. 2nd ICPSR version. Washington, DC: U.S. Department of Health, Education, and Welfare, Office of Education/National Center for Education Statistics [producer], 1999. Ann Arbor, MI: Inter-university Consortium for Political and Social Research [distributor], 2000.

REQUEST FOR INFORMATION ON USE OF ICPSR RESOURCES

To provide funding agencies with essential information about use of archival resources and to facilitate the exchange of information about ICPSR participants' research activities, users of ICPSR data are requested to send to ICPSR bibliographic citations for each completed manuscript or thesis abstract. Please indicate in a cover letter which data were used.

DATA DISCLAIMER

The original collector of the data, ICPSR, and the relevant funding agency bear no responsibility for uses of this collection or for interpretations or inferences based upon such uses.

DATA COLLECTION DESCRIPTION

James S. Coleman

EQUALITY OF EDUCATIONAL OPPORTUNITY (COLEMAN) STUDY (EEOS),
1966 (ICPSR 6389)

SUMMARY: The Equality of Educational Opportunity Study (EEOS), also known as the "Coleman Study," was commissioned by the United States Department of Health, Education, and Welfare in 1964 to assess the availability of equal educational opportunities to children of different race, color, religion, and national origin. This study was conducted in response to provisions of the Civil Rights Act of 1964 and serves as an example of the use of a social survey as an instrument of national policy-making. The EEOS consists of test scores and questionnaire responses obtained from first-, third-, sixth-, ninth-, and twelfth-grade students, and questionnaire responses from teachers and principals. These data were obtained from a national sample of schools in the United States. Data on students include age, gender, race and ethnic identity, socioeconomic background, attitudes toward learning, education and career goals, and racial attitudes. Scores on teacher-administered standardized academic tests are also included. These scores reflect performance on tests assessing ability and achievement in verbal skills, nonverbal associations, reading comprehension, and mathematics. Data on teachers and principals include academic discipline, assessment of verbal facility, salary, education and teaching experience, and attitudes toward race.

UNIVERSE: Public schools in the United States and the District of Columbia.

SAMPLING: National stratified random sample.

NOTE: (1) Questionnaire responses should be read as alphabetic characters. (2) The codebook, data collection instruments, study report, and appendix are provided as Portable Document Format (PDF) files. The PDF file format was developed by Adobe Systems Incorporated and can be accessed using PDF reader software, such as the Adobe Acrobat Reader. Information on how to obtain a copy of the Acrobat Reader is provided on the ICPSR Website.

RESTRICTIONS: To preserve respondent privacy, certain identifying variables are restricted from general dissemination. The original, unmasked data are available from ICPSR. Requests for such data must be submitted in writing.

EXTENT OF COLLECTION: 7 data files + machine-readable documentation (PDF) + SAS data definition statements

EXTENT OF PROCESSING: CONCHK.PR/ CONCHK.ICPSR/ RECODE/ DDEF.ICPSR/ REFORM.DOC/ SCAN/ UNDOCCHK.ICPSR

DATA FORMAT: Logical Record Length with SAS data definition statements

Part 1: First-Grade Data
File Structure: rectangular
Cases: 76,133

Introduction

9.10 Correlation tables.--This volume contains the correlation matrices used in the regression analyses reported in section 3 of the Educational Opportunities report. Correlation matrices are given in each of the five test grades (12, 9, 6, 3 and 1) for ten racial and regional groups: in the Total Nation for Mexican Americans, Puerto Ricans, Indian Americans, Oriental Americans, Negroes and whites, and also for Negroes in the North, Negroes in the South, whites in the North and whites in the South.

Preceding each of the separate grades is a list of the names of the variables appearing in the matrix and the number which identifies each of the variables used. The variables used are indexes combining several items from questionnaires. These indexes from which the regression variables were selected are described in section 9.9 of the report, a part of which is repeated here.

The variables used in the regression analysis consist, in some cases, of indexes constructed of several items. In construction of these indexes, each item was standardized to a mean of zero and equal standard deviation. Non-response on an item was counted as zero, equivalent to giving non-responses a population mean in constructing the index. Equal standard deviations meant that each item was weighted equally.

One hundred three variables were constructed at each grade level (though with some variables missing at lower levels). In the computer print-outs appended, these are labeled as

- Dependent (10 test scores)
- Student (15 student questionnaire variables)
- Teacher (20 teacher-aggregate variables)
- Principal + Supt. (31 principal and supt. questionnaire variables)
- School environment (21 student-aggregate variables)

The construction of variables from questionnaire items is given below. The item numbers from the questionnaire at each grade level are listed below or beside the variable name. In one case an item was given double weight in a variable. Where this is the case, the item number appears twice.

Variable Number	Dependent	Variable Name	Grade (0 = missing)				
			12	9	6	3	1
1	1	Non-verbal score	X	X	X	X	X
2	2	Gen. Inf. test 1	X	X	0	0	0
3	3	Gen. Inf. test 2	X	X	0	0	0
4	4	Gen. Inf. test 3	X	X	0	0	0
5	5	Gen. Inf. test 4	X	X	0	0	0
6	6	Gen. Inf. test 5	X	X	0	0	0
7	7	Gen. Inf. Total	X	X	0	0	0
8	8	Verbal score	X	X	X	X	X
9	9	Reading Comp	X	X	X	X	0
10	10	Math. Ach.	X	X	X	X	0

Variable Number	Student	Variable Name	Grade (0 = missing)				
			12	9	6	3	1
