# 4Cs Transformation: How to Get Started

3 YEAR

ROADMAP

## Bird's Eye View

### YEAR 1 | Vision & Plan

District or school transformation process begins with a 21st century vision or profile of a graduate developed with community consensus and an action plan for implementation.

### YEAR 2 | Learn & Expand

In the preliminary stages of implementation, there is an emphasis on building professional capacity, engaging early adopters and aligning teaching and learning systems to your 21st century vision for students.

### YEAR 3 | Spread & Scale

Readiness to bring implementation to scale involves building system capacity, promoting a culture of continuous improvement and elevating models of success to celebrate and illustrate progress.

LIFE READY  
GRADUATE

# What is a **Life-Ready Graduate?**

Embodiment of the  
***KNOWLEDGE, SKILLS, AND DISPOSITIONS***  
to find success after graduation

# KNOWLEDGE

The theoretical or practical understanding of someone or something

## CONTENT MASTERY

A core foundational knowledge in multiple subject areas is critical to make informed decisions.

## HEALTHY LIVING, WELLNESS, & SELF-AWARENESS

A healthy lifestyle provides balance in one's life that improves physical, social, and emotional well-being.

## CIVICS, LEADERSHIP & SERVICE

Local, national, and global understanding and respect for cultural and societal diversity are critical to being a global citizen.

## DIGITAL LITERACY & TECHNOLOGICAL PROFICIENCY

The ability to adapt, connect, and thrive in an ever-changing society are vital components of success in a digitally-competitive global environment.

# SKILLS

The capacities and strategies that enable learners to apply knowledge to novel situations, engage in higher order thinking, problem solve, collaborate, communicate effectively, and plan for the future

## COMMUNICATION

Communication is a foundational skill for all learning. It is vital to be able to share and understand information in a variety of contexts and media.

## CRITICAL THINKING & PROBLEM SOLVING

It is important to evaluate, reflect, and justify all possible avenues towards making an informed decision. Good decision making is critical for independence.

## CREATIVITY & INNOVATION

Preparing students for current and future challenges requires adaptability and flexibility that is learned through creative and innovative practices. It is important to imagine, visualize, and brainstorm new possibilities.

## COLLABORATION & TEAMWORK

Solving complex problems requires the sharing of Ideas from a variety of perspectives and experiences. People work together to cultivate a sense of community and improve the quality of outcomes.

# DISPOSITIONS

The behaviors and ways of being that contribute to a learner fulfilling his or her full potential (character traits)

## **HONESTY, INTEGRITY, & RESPONSIBILITY**

In order to be a trusted and valuable member of society, graduates must possess a consistency among their words, actions, and the facts of any situation. Owning one's actions and the results that they produce is a valued characteristic in all areas of adult life.

## **ADAPTABILITY**

An ability to recognize and react to challenges and changing circumstances will lead to higher levels of success in reaching one's goals in all areas of life.

## **CONTINUAL LEARNING & A GROWTH MINDSET**

Possessing an understanding that learning is both iterative and continues long after formal schooling is complete will enable graduates to grow throughout life.

## **RESILIENCE & GRIT**

Understanding that there are things beyond one's control, develops plans for success, and recovers from temporary setbacks along any path forward.
